- Launched 3 new products and successfully upscaled the manufacturing of the M-SAN HQ enzyme
- New 500 m<sup>2</sup> production facility completed and operational

### CEO Jethro Holter comments:

*“We are delighted that the enzyme business continues to drive strong quarterly sales growth and exceeded its promise to achieve annual sales of NOK 120 million. It has been an excellent year for the Company demonstrating its ability to operate as a profitable and high-growth, standalone enzyme company following the earlier divestment of the Biotec BetaGlucans subsidiary.*

*ArcticZymes Technologies continues to bring innovations to market and enters 2022 with a new state-of-the-art manufacturing facility. These will be instrumental in further supporting organic growth of the enzyme business.”*
